

LACTATION POLICY SUPPORT AT BLACK BEAR CASINO

Support for breastfeeding at Black Bear Casino Resort just got better! With the help of grant dollars and the Community Health Services Department, we've installed a new Mamava Lactation Pod located near the Otter Creek Event Center. The pod provides a clean, private, and comfortable space to pump or nurse, and is open to both staff and community members. The pod can be unlocked with the touch of a button by visiting the Black Bear Casino Resort Security Desk.
